CERTIFIED PUBLIC ACCOUNTANTS & BUSINESS ADVISORS

Report of Independent Auditors

Board of Trustees of the UGA Real Estate Foundation, Inc.:

Report on Financial Statements

We have audited the accompanying statements of net position of UGAREF Bolton Commons, LLC (the “Bolton Entity”), an affiliated organization of UGA Real Estate Foundation, Inc. as of June 30, 2016 and 2015 and the related statements of revenues, expenses and changes in net position, statements of cash flows, and the notes to the financial statements for the years then ended, which collectively comprise the Bolton Entity’s basic financial statements as listed in the table of contents.

The accompanying financial statements have been prepared from the separate records maintained by the Bolton Entity and may not necessarily be indicative of the conditions that would have existed or the changes in its net position if the Bolton Entity had been operated as an unaffiliated organization.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bolton Entity as of June 30, 2016 and 2015, and the changes in its net position and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matters – Required Supplemental Information

Management has omitted the management’s discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2016 on our consideration of the Bolton Entity’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Bolton Entity’s control over financial reporting.

UGAREF BOLTON COMMONS, LLC

Notes to Financial Statements

June 30, 2016 and 2015

Note 1 – Organization

UGAREF Bolton Commons, LLC (the “Bolton Entity”) is a single-member limited liability company created in 2012 by the UGA Real Estate Foundation, Inc. (the “Real Estate Foundation”). The purpose of the Bolton Entity includes the construction, financing and leasing of a dining facility in Athens, Georgia to benefit the University of Georgia (the “University”), which is governed by the Board of Regents of the University System of Georgia (the “Board of Regents”). The dining facility has been complete and under lease with the Board of Regents since August 2014.

The Real Estate Foundation was incorporated under the laws of the state of Georgia as a nonprofit corporation in 1999 and qualifies as a tax-exempt corporation under Section 501(c)(3) of the Internal Revenue Code for the purpose of managing and improving various real estate assets for the benefit of the University and may also provide support to the Board of Regents and colleges and universities of the University System of Georgia.

The Real Estate Foundation’s sole member is the University of Georgia Research Foundation, Inc. (the “Research Foundation”). The Real Estate Foundation operates under a cooperative organization agreement with the Board of Regents.

The Research Foundation was incorporated under the laws of the state of Georgia as a nonprofit corporation in 1978 and qualifies as a tax-exempt corporation under Section 501(c)(3) of the Internal Revenue Code. The Research Foundation is a cooperative organization serving the University and is organized to fulfill broad scientific, literary, educational and charitable purposes and operates to enhance the three-pronged mission of the University of teaching, research, and public service. The Research Foundation contributes heavily to the research function of the University by securing research contracts, grants, and awards from individuals, institutions, private organizations, and government agencies for the performance of sponsored research, development, education, or other programs in the various University colleges, schools, departments and other units of the University.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The Bolton Entity’s financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (“GASB”). The Statements of Governmental Accounting Standards (“SGAS”) are issued by GASB. The information included within the accompanying financial statements may not necessarily be indicative of the conditions that would have existed or the changes in its net position if the Bolton Entity had been operated as an organization not affiliated with the Real Estate Foundation.

The financial statement presentation provides a comprehensive, entity-wide perspective of the Bolton Entity’s assets, liabilities, deferred inflows/outflows of resources, net position, revenues, expenses, changes in net position, and cash flows.

Note 2 – Summary of Significant Accounting Policies (Continued)

Reporting Entity

In accordance with the criteria in SGAS No. 61, *The Financial Reporting Entity*, the Research Foundation is a legally separate, tax exempt organization whose activities primarily support the University, a unit of the University System of Georgia (an organization unit of the state of Georgia). The Research Foundation is considered an affiliated organization of the University and due to its financial significance, the Research Foundation's financial activities are included in the University and University System of Georgia's reports. The State Accounting Office determined component units of the state of Georgia, as required by SGAS No. 61, should not be assessed in relation to their significance to the University. Accordingly, the Research Foundation qualifies for treatment as a component unit of the state of Georgia.

The Real Estate Foundation qualifies as a component unit of the Research Foundation. The statements of the Real Estate Foundation are reported discretely in the Research Foundation's financial statements. The Real Estate Foundation is the sole member of a number of limited liability companies, including the Bolton Entity, which effectively carry out the operations of the Real Estate Foundation. Therefore, the Real Estate Foundation and all its limited liability companies are shown using a blended presentation; that is, the activity of the Bolton Entity is shown in the same column with the activity of the Real Estate Foundation and all its other limited liability companies. SGAS No. 35, *Basic Financial Statements and Managements' Discussion and Analysis for Public Colleges and Universities*, requires a presentation of Management's Discussion and Analysis ("MD&A"). The MD&A is considered to be required supplemental information. MD&A related to the Bolton Entity is presented with and precedes the financial statements of the Real Estate Foundation.

Complete financial statements of the Real Estate Foundation may be obtained at the Real Estate Foundation's administrative office. The address is as follows:

UGA Real Estate Foundation, Inc.
c/o Controller's Office
324 Business Services Building
456 E. Broad Street
Athens, GA 30602

Basis of Accounting

The Bolton Entity's financial statements have been presented using the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

Note 2 – Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

The Bolton Entity considers all short-term investments with an original maturity of three months or less to be cash equivalents. Investments in the Board of Regents Short-term Fund are carried at fair value. All other short-term investments, which consist of money markets, certificates of deposit, and non-participating repurchase agreements, are carried at cost. Balances may at times exceed federally insured limits.

The Board of Trustees of the Real Estate Foundation has designated certain cash balances to fund future obligations. As of June 30, 2016 and 2015, the cash amounts include \$114,784 and \$115,164, respectively, reserved for debt service, and \$670,411 and \$86,933, respectively, reserved for future repairs and replacement of real property.

Investments

In accordance with SGAS No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, the Bolton Entity is required to present certain investments at their fair value if the investment has a readily determined market value. Investments are carried at market value. Realized gains and losses are computed using the specific identification method.

Capital Lease Receivables

The Bolton Entity enters into lease contracts of real property as a lessor. The terms and conditions of these contracts are assessed and the leases are classified as operating leases or capital leases according to their economic substance. When making such an assessment, the Bolton Entity focuses on the following aspects: a) transfer of ownership of the asset to the lessee at the end of the lease term; b) existence of a bargain purchase option held by the lessee; c) whether the lease term is for the major part of the economic life of the asset; and d) whether the present value of the minimum lease payments is substantially equal to the fair value of the leased asset at inception of the lease term. If one or more of the conditions are met, the lease is generally classified as a capital lease. The initial recording of the capital lease receivable is made on the day the real property is placed in service, with a corresponding entry to remove the capital asset using the lesser of the net present value of the lease payments or the fair value of the leased property. Capital leases are amortized over the term of the lease using the effective interest rate – the implicit rate that exactly discounts estimated future cash receipts through the expected life of the lease. Lease payments are allocated between the principal and interest component. Capital lease receivables consist of capital lease payments due for real property owned by the University. Collectability of these lease payments is reasonably assured and no allowance for uncollectible amounts has been established.

Capital Assets

Expenditures for maintenance and repairs are charged to operations as incurred, while renewals and betterments are capitalized. As of June 30, 2016 and 2015, the Bolton Entity had no capital assets.

Construction in Progress

Construction in progress is stated at cost and includes planning, development, and construction costs as well as capitalized interest. When construction is complete and the asset placed in use, the asset is reclassified as a capital lease receivable based on the terms of the lease agreement with the Board of Regents.

UGAREF BOLTON COMMONS, LLC

Notes to Financial Statements

June 30, 2016 and 2015

Note 2 – Summary of Significant Accounting Policies (Continued)

Capitalized Interest

Interest incurred during construction of real estate projects is capitalized until the underlying assets are ready for their intended use. Interest related to projects financed by tax-exempt borrowings, including periodic amortization of any related discount or premium, is capitalized after reduction for interest earned on temporary investment of the proceeds of those borrowings from the date of borrowing until the specified qualifying assets acquired with those borrowings are ready for their intended use. At the time the qualifying assets are placed in service, amortization of the capitalized interest begins, straight-line, over the estimated useful lives of the related assets.

If a project is determined to be placed in service under a capital lease agreement, the asset, including capitalized interest, is transferred to lessee under a capital lease agreement. Capitalized interest amounted to \$0 and \$81,717, respectively, for the years ended June 30, 2016 and 2015. No capitalized interest is being amortized as of the years ended June 30, 2016 and 2015.

Bonds Payable

The Bolton Entity records the net proceeds of tax-exempt bond financing as a liability upon issuance. Bond proceeds consist of the par value of the bonds issued plus premiums. The bond premium is amortized to capitalized interest during construction of the real estate project using the effective interest method. After construction, bond premiums are amortized to interest expense using the effective interest method.

Net Position

As of June 30, 2016 and 2015, the Bolton Entity's net position of \$132,868 and (\$119,067), respectively, is unrestricted. Unrestricted net position is not subject to donor or other stipulations imposed by outside sources.

Revenue Recognition

Rental income is recognized when earned and collectability of the associated receivable is reasonably assured. Rental income consists of the repair and replacement portion of the total capital lease payment and is recognized on a monthly basis in accordance with the related lease agreement. Advance rent receipts represent rental payments received but not yet earned.

Capital lease interest income is recorded per the related capital lease amortization schedule simultaneously with the rental income described above. Advance lease payment receipts represent both the interest and principal components of capital lease payments received but not yet earned.

Operating and Nonoperating Revenues and Expenses

The financial statements distinguish between operating and nonoperating revenues and expenses. Operating revenues result from exchange transactions associated with maintaining and leasing real property – the Bolton Entity's principal activity. Nonexchange revenues, including investment income from sources other than capital leases, are reported as nonoperating revenues. Interest and financing costs are reported as nonoperating expenses. Operating expenses are all expenses incurred to maintain and lease real property, other than financing costs.

UGAREF BOLTON COMMONS, LLC

Notes to Financial Statements

June 30, 2016 and 2015

Note 2 – Summary of Significant Accounting Policies (Continued)

Income Taxes

As a single-member limited liability company, the Bolton Entity is disregarded for income tax purposes. The Bolton Entity's operations are included in the U.S. Federal tax return of the Real Estate Foundation which is a nonprofit organization exempt from tax under Section 501(c)(3) of the Internal Revenue Code (the "Code"), whereby only unrelated business income, as defined by Section 512(a)(1) of the Code, is subject to federal income tax. The Internal Revenue Service has determined that the Real Estate Foundation is not a private foundation under Section 509(a) of the Code.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Implementation of New Accounting Pronouncements

During the year ended June 30, 2016, the Real Estate Foundation implemented SGAS No. 72, *Fair Value Measurement and Application*. SGAS No. 72 requires disclosures be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. The implementation of SGAS No. 72 did not result in a change to the beginning net position of the Bolton Entity.

Note 3 – Deposits and Investments

A. Deposits

At June 30, 2016 and 2015, the bank value of the Bolton Entity's deposits, consisting of cash held in interest bearing checking accounts at financial institutions and cash equivalents held by trustees, was \$0.

Custodial Credit Risk

The custodial credit risk for deposits is the risk that in the event of a bank failure, the Bolton Entity's deposits may not be recovered. The Bolton Entity has no deposit policy for custodial credit risk.

The Bolton Entity places its cash and cash equivalents on deposit with financial institutions in the United States. The Federal Deposit Insurance Corporation (FDIC) covers \$250,000 for substantially all depository accounts. The Bolton Entity from time to time may have amounts on deposit in excess of the insured limits.

B. Investments

The Bolton Entity follows the Real Estate Foundation's investment policy which establishes objectives, specifies allowable investments, sets target investment mixes, and provides investment guidelines.

As of June 30, 2016 and 2015, the Bolton Entity held investments of \$919,795 and \$792,235, respectively.

UGAREF BOLTON COMMONS, LLC

Notes to Financial Statements

June 30, 2016 and 2015

Note 3 – Deposits and Investments (Continued)

B. Investments (Continued)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The Bolton Entity's policy for managing interest rate risk is to invest primarily in short-term investments.

Custodial Credit Risk

Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty to a transaction, the Bolton Entity will not be able to recover the value of the investment. The Bolton Entity does not have a formal policy for managing custodial credit risk for investments.

Credit Quality Risk

Credit quality risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Bolton Entity's policy for managing credit quality risk is to invest primarily in U.S. treasury obligations or securities backed by the U.S. government.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. The Bolton Entity's policy for managing concentration of credit risk is to invest primarily in U.S. treasury obligations or securities backed by the U.S. government.

Note 4 – Fair Value Measurements of Assets and Liabilities

The Real Estate Foundation has adopted SGAS No. 72, *Fair Value Measurement and Application*, which requires fair value measurement be classified and disclosed in one of the following three Fair Value Hierarchy categories.

Level 1

Quoted prices are available in active markets for identical investments as of the reporting date. The types of investments which would generally be included in Level 1 include listed equity securities, mutual funds, and money market funds. The Bolton Entity, to the extent that it holds such investments, does not adjust the quoted price for these investments.

Level 2

Pricing inputs are observable for the investments, either directly or indirectly, as of the reporting date, but are not the same as those used in Level 1; inputs include comparable market transactions, pricing of similar instruments, values reported by the administrator, and pricing expectations based on internal modeling. Fair value is determined through the use of models or other valuation methodologies. The types of investments which would generally be included in this category include publicly traded securities with restrictions on disposition, corporate obligations, and U.S. Government and Agency Treasury Inflation Indices.

UGAREF BOLTON COMMONS, LLC

Notes to Financial Statements

June 30, 2016 and 2015

Note 4 – Fair Value Measurements of Assets and Liabilities (Continued)

Level 3

Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investments. The types of investments which would generally be included in this category include debt and equity securities issued by private entities and partnerships. The inputs into the determination of fair value require significant judgment or estimation. Inputs include recent transactions, earnings forecasts, market multiples, and future cash flows.

The table below summarizes the valuation of the Bolton Entity's financial assets and liabilities measured at fair value on a recurring basis as of June 30, 2016, based on the level of input utilized to measure fair value.

Measurement at fair value on a recurring basis:

June 30, 2016 Investments	Fair Value Measurement	
	Total	Level 2
Fixed Income Investment Pool		
Board of Regents Short-term Fund	\$ 672,916	\$ 672,916
Total Investments, Recurring Basis	<u>\$ 672,916</u>	<u>\$ 672,916</u>

All assets have been valued using a market approach. There have been no changes in valuation techniques and related inputs.

Note 5 – Capital Assets

\$24,400,000 Bond Issues

In 2013, the Development Authority of the Unified Government of Athens-Clarke County, Georgia (the "Development Authority") issued Revenue Bonds (UGAREF Bolton Commons, LLC Project), Series 2013 (the "Bolton Bonds") and entered into an agreement (the "Bolton Loan Agreement") to loan \$24,400,000 to the Bolton Entity. Payment of principal and interest under the Bolton Bonds is secured by certain real property constituting a dining facility, and by the Bolton Entity's interest in certain rents and leases derived from this facility. The Bolton Entity used the proceeds of this loan to fund construction of the dining facility which was placed in service in August 2014.

Borrowings under the Bolton Loan Agreement bear interest payable semiannually on December 15 and June 15 at fixed rates ranging from 3.00% to 5.00% depending on the schedule of bond maturities. During the year ended June 30, 2016, the Bolton Entity expensed all interest costs in connection with the Bolton Loan Agreement. During the year ended June 30, 2015, the Bolton Entity capitalized \$81,717 and expensed \$905,522 for interest costs in connection with the Bolton Loan Agreement. Principal payments are due annually on June 15 and continue through June 15, 2044. During the years ended June 30, 2016 and 2015, the Bolton Entity made principal payments of \$485,000 and \$4,075,000, respectively.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Trustees
UGA Real Estate Foundation, Inc.
Athens, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of UGAREF Bolton Commons, LLC (the "Bolton Entity"), an affiliated organization of UGA Real Estate Foundation, Inc. as of and for the years ended June 30, 2016 and 2015 and have issued our report thereon dated August 31, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Bolton Entity's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bolton Entity's internal control. Accordingly, we do not express an opinion on the effectiveness of Bolton Entity's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Bolton Entity's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This report is intended solely for the information and use of the Board of Trustees, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
