Report of Independent Auditors

Board of Trustees of the UGA Real Estate Foundation, Inc.:

Report on Financial Statements

We have audited the accompanying statements of net position of UGAREF East Campus Housing Phase II, LLC (the "Housing Phase II Entity"), an affiliated organization of UGA Real Estate Foundation, Inc. as of June 30, 2016 and 2015 and the related statements of revenues, expenses and changes in net position, statements of cash flows, and the notes to the financial statements for the years then ended, which collectively comprise the Housing Phase II Entity's basic financial statements as listed in the table of contents.

The accompanying financial statements have been prepared from the separate records maintained by the Housing Phase II Entity and may not necessarily be indicative of the conditions that would have existed or the changes in its net position if the Housing Phase II Entity had been operated as an unaffiliated organization.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Housing Phase II Entity as of June 30, 2016 and 2015, and the changes in its net position and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matters – Required Supplemental Information

Management has omitted the management’s discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2016 on our consideration of the Housing Phase II Entity’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Phase II Entity’s control over financial reporting.

The Real Estate Foundation was incorporated under the laws of the state of Georgia as a nonprofit corporation in 1999 and qualifies as a tax-exempt corporation under Section 501(c)(3) of the Internal Revenue Code for the purpose of managing and improving various real estate assets for the benefit of the University and may also provide support to the Board of Regents and colleges and universities of the University System of Georgia.

Note 2 – Summary of Significant Accounting Policies (Continued)

Reporting Entity

In accordance with the criteria in SGAS No. 61, *The Financial Reporting Entity*, the Research Foundation is a legally separate, tax exempt organization whose activities primarily support the University, a unit of the University System of Georgia (an organization unit of the state of Georgia). The Research Foundation is considered an affiliated organization of the University and due to its financial significance, the Research Foundation's financial activities are included in the University and University System of Georgia's reports. The State Accounting Office determined component units of the state of Georgia, as required by SGAS No. 61, should not be assessed in relation to their significance to the University. Accordingly, the Research Foundation qualifies for treatment as a component unit of the state of Georgia.

The Real Estate Foundation qualifies as a component unit of the Research Foundation. The statements of the Real Estate Foundation are reported discretely in the Research Foundation's financial statements. The Real Estate Foundation is the sole member of a number of limited liability companies, including the Housing Phase II Entity, which effectively carry out the operations of the Real Estate Foundation. Therefore, the Real Estate Foundation and all its limited liability companies are shown using a blended presentation; that is, the activity of the Housing Phase II Entity is shown in the same column with the activity of the Real Estate Foundation and all its other limited liability companies. SGAS No. 35, *Basic Financial Statements and Managements' Discussion and Analysis for Public Colleges and Universities*, requires a presentation of Management's Discussion and Analysis ("MD&A"). The MD&A is considered to be required supplemental information. MD&A related to the Housing Phase II Entity is presented with and precedes the financial statements of the Real Estate Foundation.

Complete financial statements of the Real Estate Foundation may be obtained at the Real Estate Foundation's administrative office. The address is as follows:

UGA Real Estate Foundation, Inc.
c/o Controller's Office
324 Business Services Building
456 E. Broad Street
Athens, GA 30602

Basis of Accounting

The Housing Phase II Entity's financial statements have been presented using the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

During the year ended June 30, 2016, the Real Estate Foundation implemented SGAS No. 72, *Fair Value Measurement and Application*. SGAS No. 72 requires disclosures be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. The implementation of SGAS No. 72 did not result in a change to the beginning net position of the Housing Phase II Entity.

Note 2 – Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

The Housing Phase II Entity considers all short-term investments with an original maturity of three months or less to be cash equivalents. Investments in the Board of Regents Short-term Fund are carried at fair value. All other short-term investments, which consist of money markets, certificates of deposit, and non-participating repurchase agreements, are carried at cost. Balances may at times exceed federally insured limits.

The Board of Trustees of the Real Estate Foundation has designated certain cash balances to fund future obligations. As of June 30, 2016 and 2015, the cash amounts include \$268,039 and \$268,039, respectively, reserved for debt service, and \$1,080,062 and \$678,175, respectively, reserved for future repairs and replacement of real property.

Investments

In accordance with SGAS No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, the Housing Phase II Entity is required to present certain investments at their fair value if the investment has a readily determined market value. Investments are carried at market value. Realized gains and losses are computed using the specific identification method.

Capital Lease Receivable

The Housing Phase II Entity enters into lease contracts of real property as a lessor. The terms and conditions of these contracts are assessed and the leases are classified as operating leases or capital leases according to their economic substance. When making such an assessment, the Housing Phase II Entity focuses on the following aspects: a) transfer of ownership of the asset to the lessee at the end of the lease term; b) existence of a bargain purchase option held by the lessee; c) whether the lease term is for the major part of the economic life of the asset; and d) whether the present value of the minimum lease payments is substantially equal to the fair value of the leased asset at inception of the lease term. If one or more of the conditions are met, the lease is generally classified as a capital lease. The initial recording of the capital lease receivable is made on the day the real property is placed in service, with a corresponding entry to remove the capital asset using the lesser of the net present value of the lease payments or the fair value of the leased property. Capital leases are amortized over the term of the lease using the effective interest rate – the implicit rate that exactly discounts estimated future cash receipts through the expected life of the lease. Lease payments are allocated between the principal and interest component. Capital lease receivables consist of capital lease payments due for real property owned by the University. Collectability of these lease payments is reasonably assured and no allowance for uncollectible amounts has been established.

Capital Assets

Expenditures for maintenance and repairs are charged to operations as incurred, while renewals and betterments are capitalized. As of June 30, 2016 and 2015, the Housing Phase II Entity had no capital assets.

Bonds Payable

The Housing Phase II Entity records the net proceeds of tax-exempt bond financing as a liability upon issuance. Bond proceeds consist of the par value of the bonds issued plus premiums. The bond premium is amortized to interest expense using the effective interest method.

Net Position

As of June 30, 2016 and 2015, the Housing Phase II Entity's net position of \$667,925 and \$319,078, respectively, is unrestricted. Unrestricted net position is not subject to donor or other stipulations imposed by outside sources.

UGAREF EAST CAMPUS HOUSING PHASE II, LLC

Notes to Financial Statements

June 30, 2016 and 2015

Note 2 – Summary of Significant Accounting Policies (Continued)

Revenue Recognition

Rental income is recognized when earned and collectability of the associated receivable is reasonably assured. Rental income consists of the repair and replacement portion of the total capital lease payment and is recognized on a monthly basis in accordance with the related lease agreement. Advance rent receipts represent rental payments received but not yet earned.

Capital lease interest income is recorded per the related capital lease amortization schedule simultaneously with the rental income described above. Advance lease payment receipts represent both the interest and principal components of capital lease payments received but not yet earned.

Operating and Nonoperating Revenues and Expenses

The financial statements distinguish between operating and nonoperating revenues and expenses. Operating revenues result from exchange transactions associated with maintaining and leasing real property – the Housing Phase II Entity's principal activity. Nonexchange revenues, including investment income from sources other than capital leases, are reported as nonoperating revenues. Interest and financing costs are reported as nonoperating expenses. Operating expenses are all expenses incurred to maintain and lease real property, other than financing costs.

Income Taxes

As a single-member limited liability company, the Housing Phase II Entity is disregarded for income tax purposes. The Housing Phase II Entity's operations are included in the U.S. Federal tax return of the Real Estate Foundation which is a nonprofit organization exempt from tax under Section 501(c)(3) of the Internal Revenue Code (the "Code"), whereby only unrelated business income, as defined by Section 512(a)(1) of the Code, is subject to federal income tax. The Internal Revenue Service has determined that the Real Estate Foundation is not a private foundation under Section 509(a) of the Code.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Implementation of New Accounting Pronouncements

During the year ended June 30, 2016, the Real Estate Foundation implemented SGAS No. 72, *Fair Value Measurement and Application*. SGAS No. 72 requires disclosures be made about fair value measurements, the level of fair value hierarchy, and valuation techniques. The implementation of SGAS No. 72 did not result in a change to the beginning net position of the Housing Phase II Entity.

Note 4 – Fair Value Measurements of Assets and Liabilities

The Real Estate Foundation has adopted SGAS No. 72, *Fair Value Measurement and Application*, which requires fair value measurement be classified and disclosed in one of the following three Fair Value Hierarchy categories.

Level 1

Quoted prices are available in active markets for identical investments as of the reporting date. The types of investments which would generally be included in Level 1 include listed equity securities, mutual funds, and money market funds. The Housing Phase II Entity, to the extent that it holds such investments, does not adjust the quoted price for these investments.

Level 2

Pricing inputs are observable for the investments, either directly or indirectly, as of the reporting date, but are not the same as those used in Level 1; inputs include comparable market transactions, pricing of similar instruments, values reported by the administrator, and pricing expectations based on internal modeling. Fair value is determined through the use of models or other valuation methodologies. The types of investments which would generally be included in this category include publicly traded securities with restrictions on disposition, corporate obligations, and U.S. Government and Agency Treasury Inflation Indices.

Level 3

Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investments. The types of investments which would generally be included in this category include debt and equity securities issued by private entities and partnerships. The inputs into the determination of fair value require significant judgment or estimation. Inputs include recent transactions, earnings forecasts, market multiples, and future cash flows.

The table below summarizes the valuation of the Housing Phase II Entity's financial assets and liabilities measured at fair value on a recurring basis as of June 30, 2016, based on the level of input utilized to measure fair value.

Measurement at fair value on a recurring basis:

June 30, 2016 Investments	Fair Value Measurement	
	Total	Level 2
Fixed Income		
Investment Pool		
Board of Regents Short-term Fund	\$ 1,084,092	\$ 1,084,092
Total Investments, Recurring Basis	\$ 1,084,092	\$ 1,084,092

All assets have been valued using a market approach. There have been no changes in valuation techniques and related inputs.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Trustees
UGA Real Estate Foundation, Inc.
Athens, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of UGAREF East Campus Housing Phase II, LLC (the "Housing Phase II Entity"), an affiliated organization of UGA Real Estate Foundation, Inc. as of and for the years ended June 30, 2016 and 2015 and have issued our report thereon dated August 31, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Phase II Entity's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Phase II Entity's internal control. Accordingly, we do not express an opinion on the effectiveness of Housing Phase II Entity's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Phase II Entity's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This report is intended solely for the information and use of the Board of Trustees, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
